Résumé

Skills

Front-end
I have written HTML, CSS, JavaScript, Processing, ActionScript 3, and Objective-C for over 70 projects.

Back-end
PHP is my primary scripting language.

Fundamentals
I use Git and Subversion. I am comfortable on the command line. I use Sublime Text 2, WebStorm 3, and FDT5 for development. I have incorporated various OOP concepts — MVC, Command, State — in projects.

Experience

Freelance Developer   2011 — present
